PLAN FEATURES

The Verona—a spacious and elegant two-story home designed to cater to large families and those who love to entertain. With a main living area spanning 2,586 square feet, this home offers ample space for daily activities and hosting guests. The Verona features a total of four bedrooms, and with the finished basement option, it expands to five bedrooms, adding an additional 1,090 square feet. This extra space is perfect for a recreation room, home theater, or additional living quarters.

The Verona is equipped with modern amenities, including a cozy gas fireplace and a luxurious tile shower. The exterior showcases beautiful stone detailing, enhancing the home's curb appeal. For added convenience and functionality, the design includes a driveway and sidewalks leading to the front entry door and side garage service door.

Additionally, a concrete pad is provided below the raised deck, perfect for outdoor gatherings and relaxation.

Choose and customize The Verona for a blend of elegance, comfort, and modern living tailored to your needs.
